

**Kendall County Soil & Water
Conservation District**

**Natural Resources Information (NRI) Committee Meeting
Friday, May 24, 2024, at 8:00am
USDA Service Center, Yorkville**

Present: Scott Kaufmann & Alyse Olson

8:03 am: Call to Order

Meeting was called to order by Scott Kaufmann.
Kaufmann called for additions to the agenda. There were none.

8:04 am: Discussion Items

1. Review of NRI Reports #2412, 2413, 2414, 2415 & 2416
 - Olson reviewed highlights from each report.
 - Kaufmann had a question about the soil limitation for local roads & streets when it comes to parking lots. Olson explained that she includes that limitation when the site has parking lots since parking lots experience vehicle traffic throughout the year, although, they do not experience the same level of use as local roads and streets. Web soil survey does not have a rating for parking lots specifically.
 - For NRI Report #2416, this site was reviewed in 2009 by the Kendall County SWCD. Kaufmann asked Olson if we referenced the previous report in this Executive Summary report. Olson said that she calculated a new LESA score & referenced the previous report there as well as on the Land Use Findings page.

8:31 am: Adjourn

The meeting was adjourned at 8:31am.
